2025 IMPACT REPORT

THANK YOU!

We raised more than \$140,000 at the Covenant Cup!

Thanks to you, our 2025 Covenant Cup was a huge success, and not just because of the perfect weather and great company out on the course. This year, we welcomed our largest group of golfers and sponsors yet, with 144 golfers coming together in support of compassionate health care.

Most importantly, together we raised more than \$140,000 to support Covenant's hospitals and continuing care sites across Alberta.

Because of your generosity, we are able to fund state-of-the-art equipment that improves patient comfort and safety, enhancements to family and visitor spaces that create more welcoming and supportive environments, programs that foster compassionate care, and innovations that elevate care for patients and residents at every stage of life.

Thank you for swinging, putting and giving alongside us. Because of you, Covenant Foundation can continue elevating the health care experience across Alberta.

Bill Hefford

Director of Business Development
Bird Construction

"Bird Construction's participation in this tournament is a reflection of our shared values. Like Covenant Foundation, we believe in building stronger communities and supporting the wellbeing of people across Alberta."
